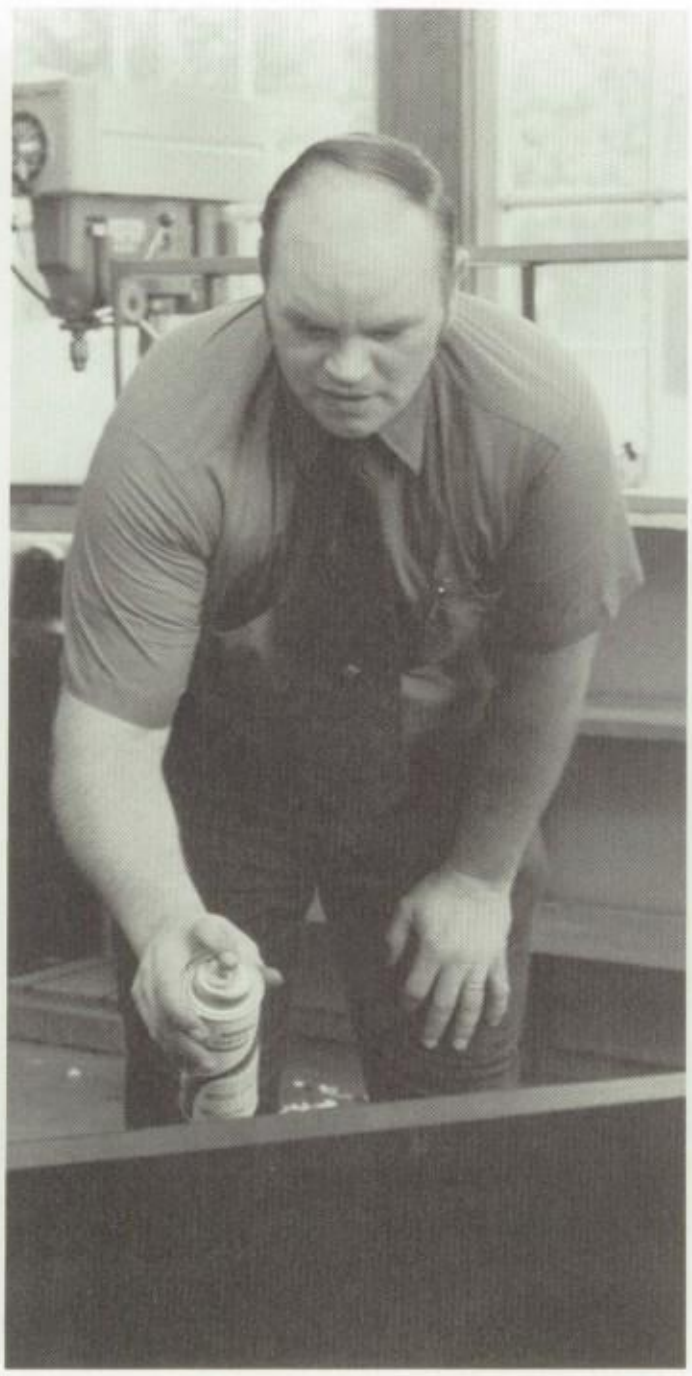
PRESENTS

SPOTLIGHT '74

A TIME FOR REFLECTING
THE 1973-74 SCHOOL YEAR

CLYMER CENTRAL SCHOOL
CLYMER, NEW YORK

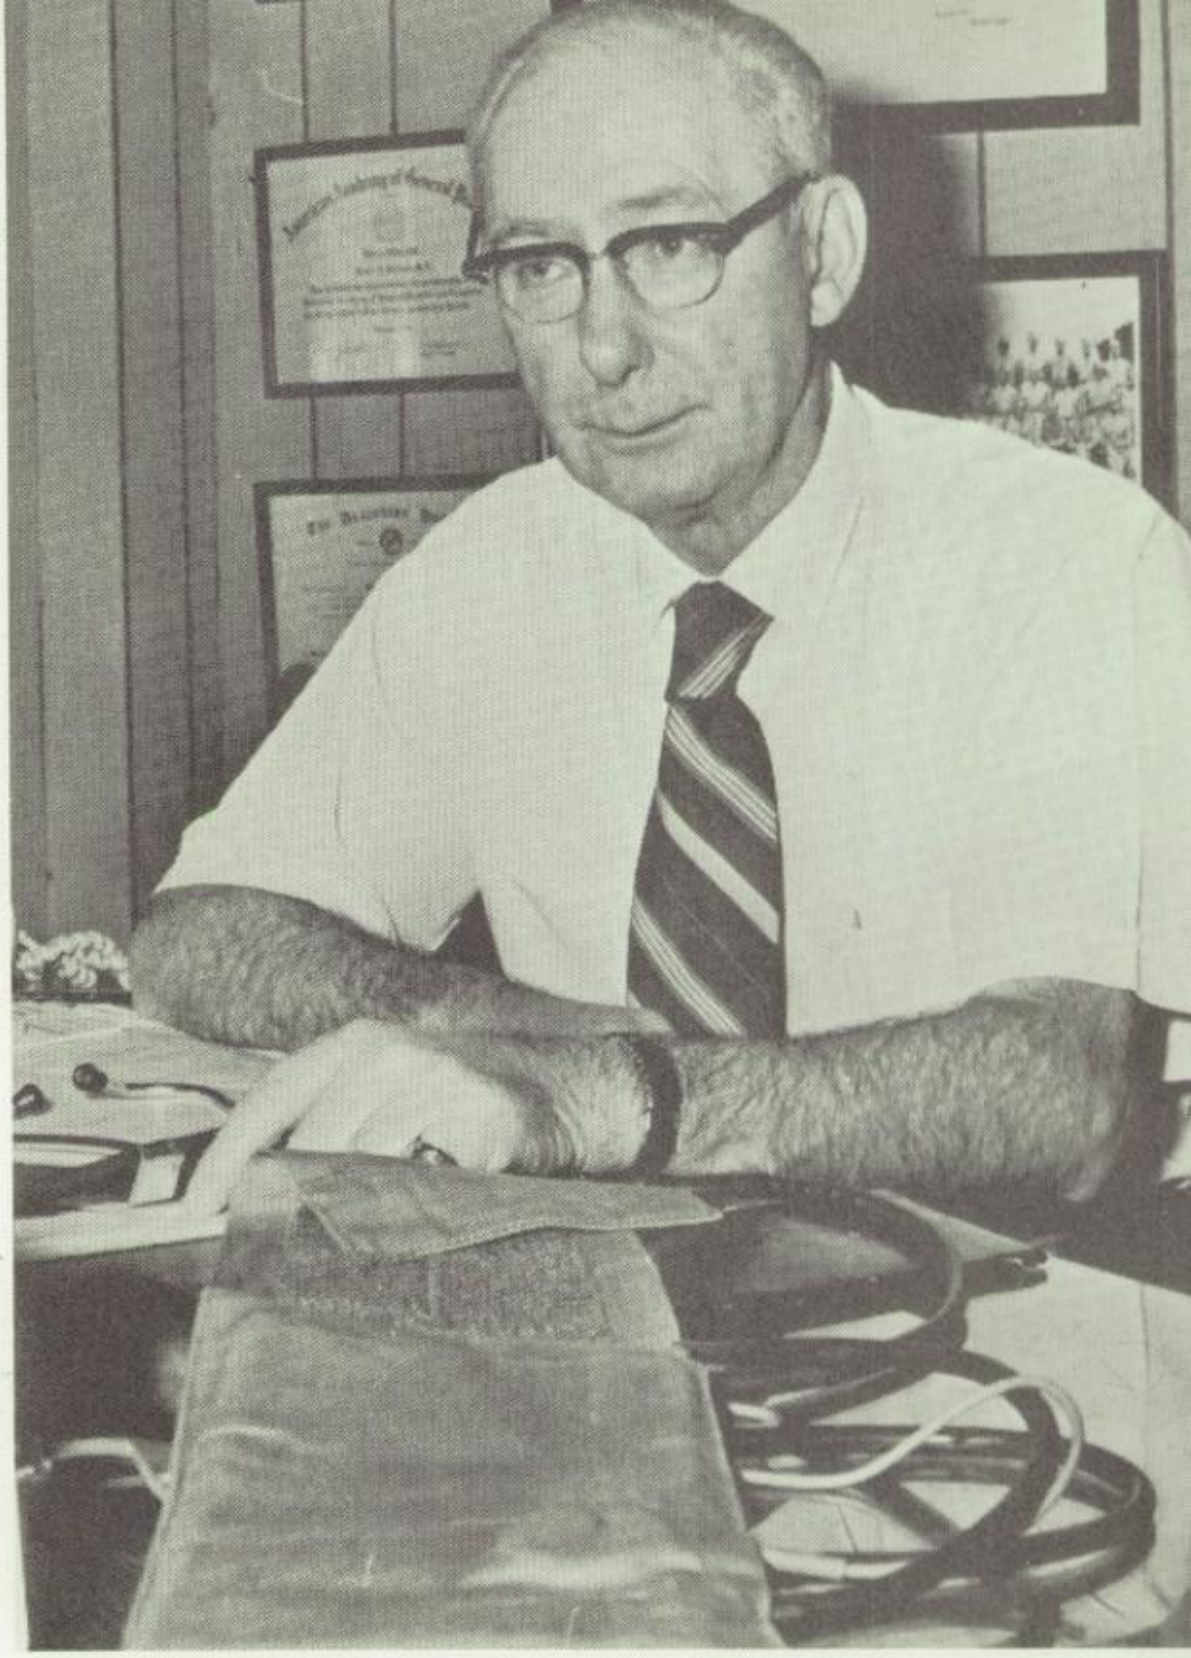
Dedication



We wish to express our greatest appreciation for the countless hours you have devoted to helping our class as teacher, Jr. advisor, and most dearly, our friend.

Words cannot express our many thanks for your co-operation, services, and supervision of our class projects.

Because of your deep concern, we wish to dedicate our yearbook, Spotlight '74' to you, Mr. Cornell.



Words cannot describe the deep devotion that Dr. Robert X. Williams, Sr. had for his profession. He expressed his supreme dedication to us from the day we were brought into this world, by being constantly available to give us medical assistance. A one-of-a-kind man, who will be remembered by all.

Memorium

To every thing there is a season, and a time to every purpose under the heaven:

A time to be born,
and a time to die;

A time to plant,
and a time to pluck up that which is planted;

A time to kill,
and a time to heal;

A time to break down,
and a time to build up;

A time to weep,
and a time to laugh;

A time to mourn,
and a time to dance;

A time to cast away stones,
and a time to gather stones together;

A time to embrace,
and a time to refrain from embracing;

A time to get,
and a time to lose;

A time to keep,
and a time to cast away;

A time to rend,
and a time to sew;

A time to keep silence,
and a time to speak;

A time to love,
and a time to hate;

A time of war,
and a time of peace . . .

SOLO FOR SATURDAY NIGHT GUITAR

Time was. Time is. Time shall be.
Man invented time to be used.
Love was. Love is. Love shall be.
Yet man never invented love.
Nor is love to be used like time.
A clock wears numbers one to twelve
And you look and read its face
And tell the time pre-cise-ly ex-act-ly.
Yet who reads the face of love?
Who tells love the numbers pre-cise-ly ex-act-ly.
Holding love in a tight hold for keeps,
Fastening love down and saying
"It's here now and here for always."
You don't do this offhand, careless-like.
Love costs. Love is not so easy
Nor is the shimmering of star dust
Nor the smooth flow of new blossoms
Nor the drag of a heavy hungering for someone.
Love is a white horse you ride
or wheels and hammers leaving you lonely
or a rock in the moonlight for rest
or a sea where phantom ships cross always
or a tall shadow always whispering
or a circle of spray and prisms--
maybe a rainbow round your shoulder.
Heavy heavy is love to carry
and light as one rose petal,
light as a bubble, a blossom,
a remembering bar of music
or a finger or a wisp of hair
never forgotten.

English

The English language has evolved, through time, from the words of various nations and has more diversity than any other language. It is important for communication, and through it we express ourselves and our ideas. Good teachers are also important, and through grammar and the many forms of literature, Mr. Morgan, Mrs. Neithamer, and Miss Barger have helped us to develop a greater understanding of ourselves and those around us.

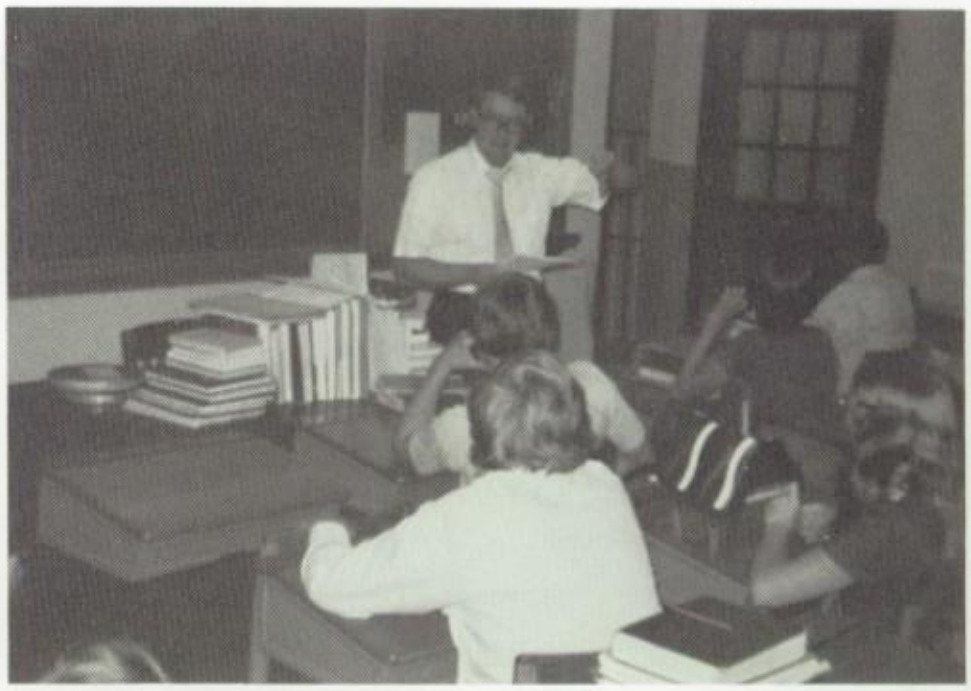
History

Freedom of thought and expression are two of our most cherished freedoms, since these freedoms form the foundation of our modern democratic society. By studying the history of foreign lands, our minds are impressed with the size and power of the world. Finally, through studying our American nation, we realize how lucky we are to live here. Mr. Cook, Mr. Keys, and Mr. Russell direct our studies. Through them, history is more than dates.

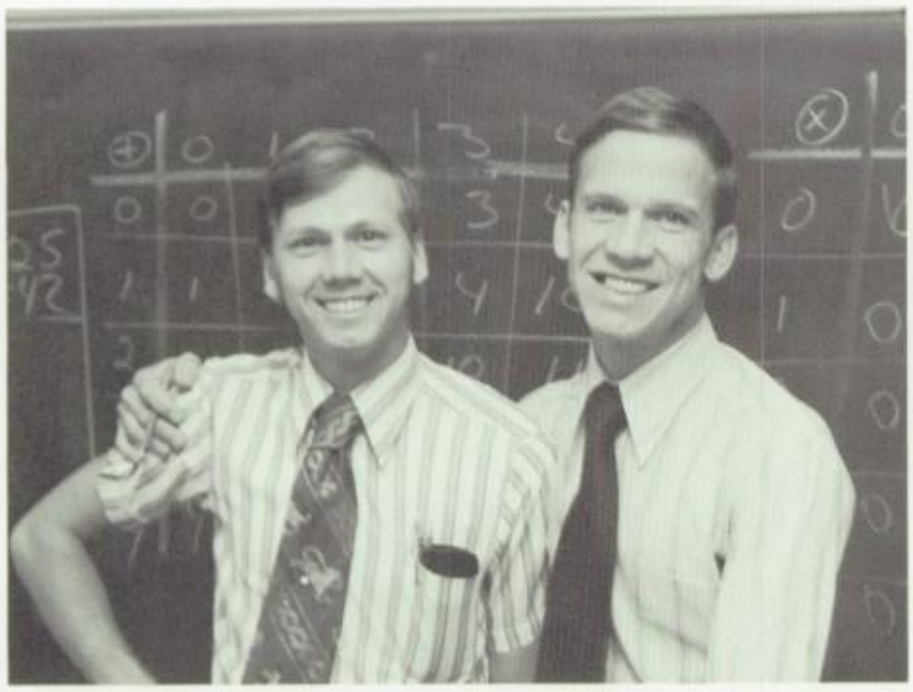
Mr. K. Cook, Mr. B. Russell

Mr. D. Keys

"This is what I think of World History!"

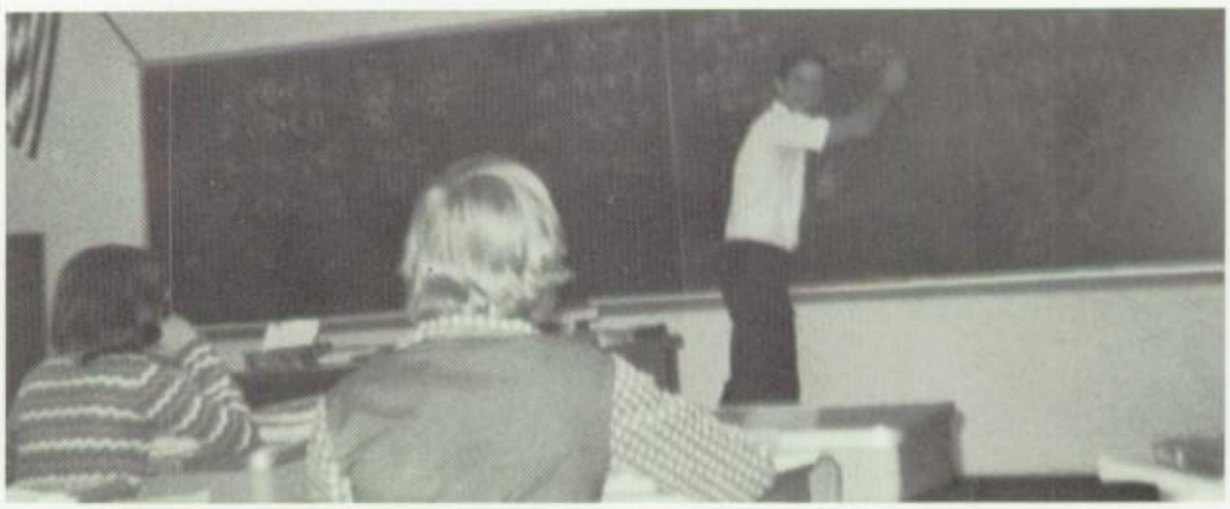


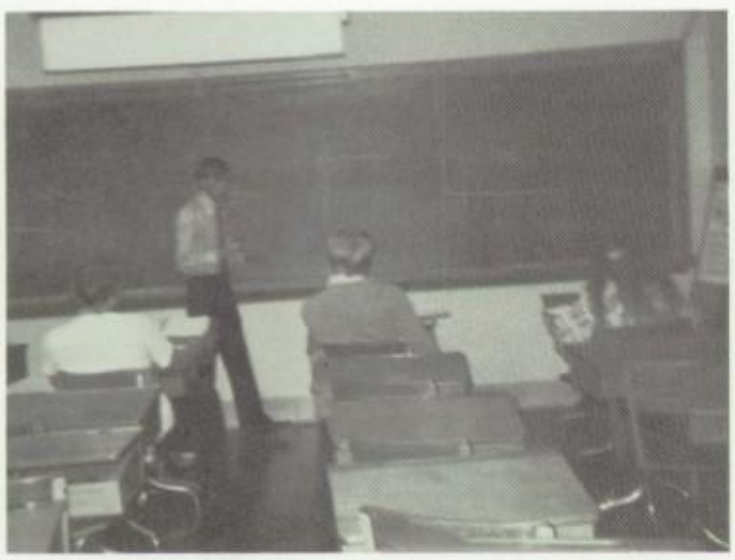
M A T H



Mr. Allen, Mr. Condon

Math is a rapidly growing and increasing important area of study in high school. Our math department illustrates its importance by offering us both elementary and advanced concepts of numbers. No one understands the importance of this job more than our math teachers, Mr. Allen, and Mr. Condon. Together they take us from the simple numerical relationships of 7th grade math, to involved linear equations of elementary calculus, which is offered to the serious student of math. No one can "compute" the importance of their dedicated teachings.





"I'm sorry Mr. Condon, but you failed that quiz!"

When we start high school, Mr. Adams is the first teacher we meet in our Science Department. He teaches general and earth science. As we progress in our scientific knowledge, we meet Mr. Sullivan who teaches us the concepts and facts of Biology. After completing these courses we take the most advanced of the sciences taught here, Chemistry and Physics. Mr. Henry attempts to make it understandable for us.

Mr. K. Sullivan

Mr. E. Adams

Languages

Miss N. Guhl, Mrs. L. Heppler, Mrs. V. Legters

Three second languages are offered to the students of C. C. S. French is taught by Mrs. Heppler, Latin by Mrs. Legters, and Spanish by Miss Guhl. It is the attempt of the modern language department to create an awareness within the student of a completely different language and culture. This is achieved through the utilization of four basic skills: reading, writing, speaking, and listening. The importance of communication with other people becomes increasingly evident in today's world.

"People, listen, just for one minute!"

Business

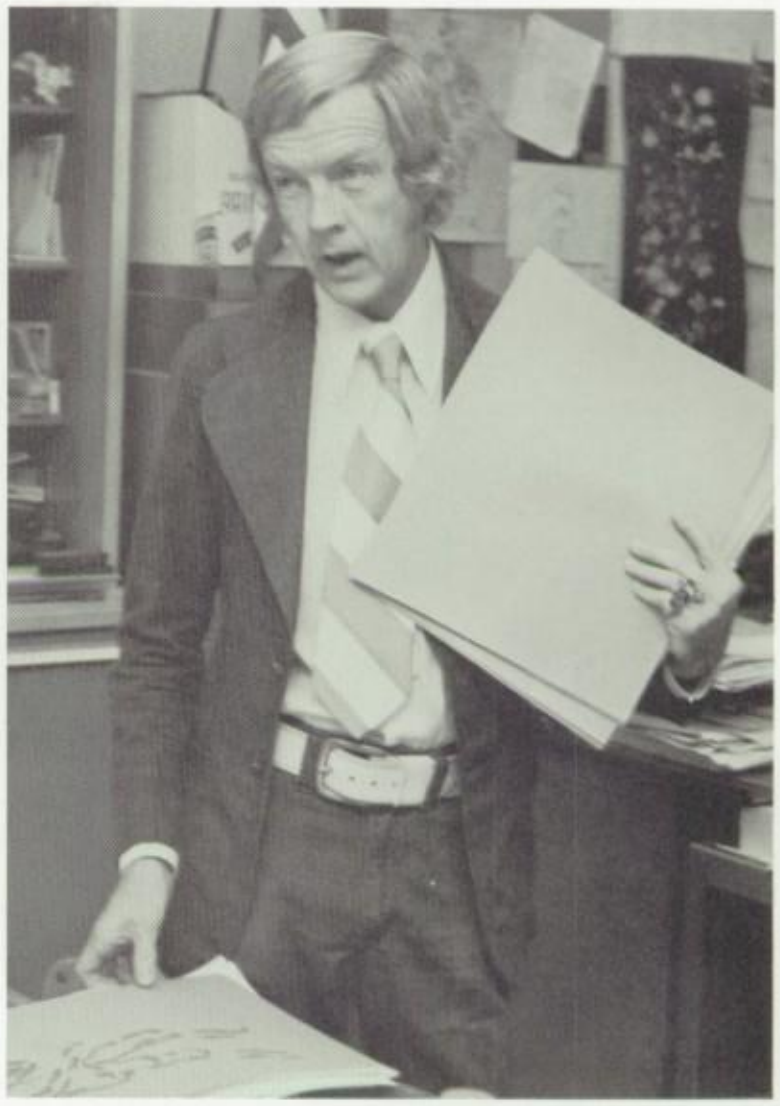
Various business courses are taught here at Clymer Central under the direction of Mrs. J. Gruca. The students learn skills that will enable them to successfully compete in the business world of tomorrow.

In Home Economics under the supervision of Miss B. Green, the students acquire various skills in cooking, sewing, and house management. Throughout the year several projects are completed which demonstrate the mastery of these skills.

Home Ec.

Art

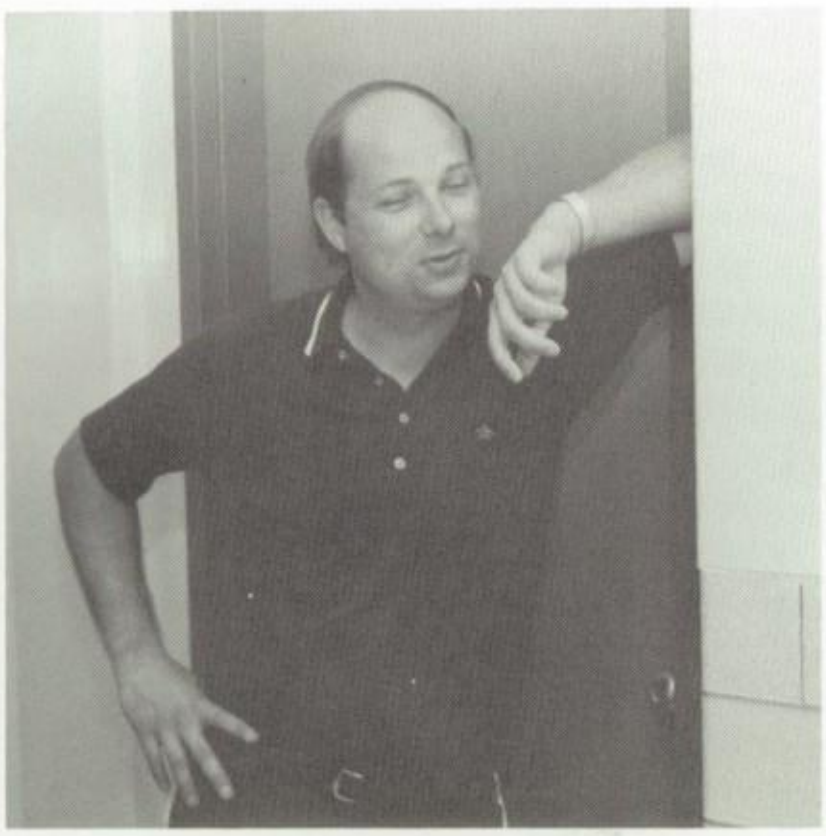
The Art Department instructs our students in the basics of the visually creative mediums. Mr. Snyder (high school teacher) and Mrs. Vanderhoff (elementary teacher) aid our students in expressing their talents through various medias.



Music

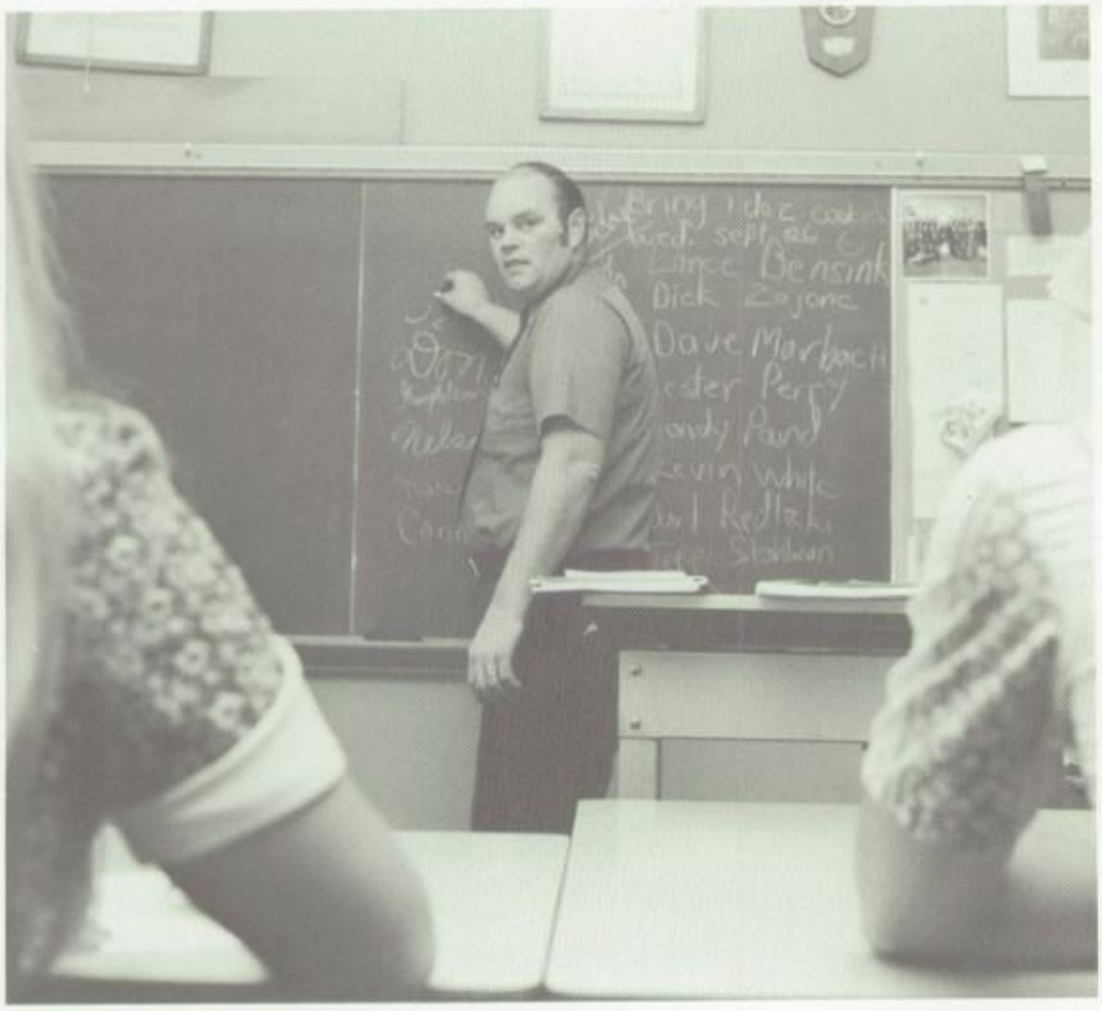
Mr. Kaine and Mrs. Rhebergen offer an introduction to the world of music. Through band, chorus, and individual instruction, we are exposed to one of civilization's essential arts.

Physical Education



Physical exercise is an important part of keeping our bodies healthy. Mr. Winner, Miss Stein, and Mr. Schroeder make sure that all students are physically able to meet such fitness standards. A regular program of exercise is executed for all students.

Agriculture



Mr. H. Cornell

Agriculture was man's first occupation. Today agriculture remains as man's most basic and most important occupation. Under the guidance of our agriculture teacher, Mr. Cornell, the student is taught the proper use and management of soils, crops, livestock, and machinery. Accurate records are emphasized, as are the financial and legal aspects of farming.

Industrial Arts

Through the use of tools, man was first able to rise above the animal. Under the guidance of Mr. Reagle, our industrial arts teacher, we are instructed in the proper use of plastics, metal, electricity, wood, and in the machinery used in conjunction with these materials.

Mr. R. Reagle

Boces

BOCES, Board of Cooperative Educational Services, provides education in various technical occupations for juniors and seniors of Chautauqua County schools. The following are courses which CCS students are presently enrolled.

Cosmetology is a course in the proper treatment of hair, skin, and nails. Students, through daily instruction and clinics learn to become qualified beauticians.

In Health Services the students learn the many functions of the human body. They also learn the basics of becoming aides while working in hospitals and nursing homes.

Auto Body is the study in the maintenance of car bodies through practical experiences.

ABM gives instruction in working with various types of advanced machinery used in businesses. Courses are also given in shorthand, transcript, and secretarial practices.

Fashion Design teaches the student everything from the basics to the complexities of today's fashion world. This includes sewing, and fashion design.

Food Services teach the students the techniques of preparing various foods. They also learn food planning and management for use in cafeterias and restaurants.

Conservation is the planned management of our national resources to prevent destruction or neglect. In today's world, preservation of the environment must be carefully dealt with.

Secretaries

Senior Accounting Clerk & Purchasing

Eleanor Schruers

Mrs. Judy Upperman and Mrs. Donna McCray are busy from 8:30 until 5:00 everyday. They keep class records, type letters, answer the telephone, and offer secretarial assistance to the administration.

Even the teacher's aides deserve a coffee break. Mrs. Carol Neckers, Mrs. Sandra Westley, Mrs. Velma Bailey, and Mrs. Avalon Duink help the teachers in any areas that they may need assistance.

Without a helping hand from our guidance counselor, it would be impossible for a student to find answers to his questions about the future. Mr. Bensink is always there when we need him, whether it is planning high-school schedules, filling out college applications, or just needing reassurance in our decisions.

With a warm blanket, a soft cot, and a thermometer, Miss Lanston and Mrs. Buesink are always ready to assist any student with a health problem. Besides their usual duties, they also give eye and ear examinations and can administer first aid in emergencies.

Mr. Ryder, our School Psychologist, aids pupils who may have emotional difficulties. He meets once a week with these students to discuss their problems.

Special Services

Reading is the basis for learning. Some people have a deficiency in this area and require special attention. Mrs. Legters, the secondary reading instructor, and Mr. McMullin, the elementary instructor, aid pupils in this area. Their goal is to improve comprehension, speed and other reading skills.

Communication is very important in our lives. Some students may have difficulties or defects in this area. Mrs. Berg, the speech therapist, has the responsibility of recognizing and helping to correct these problems through various speech methods.

Mrs. Auer, our elementary librarian, instructs the elementary pupils in the fundamental skills of library usage. An awareness of library techniques is taught so that the students may become familiar with resources and be able to function with ease in the library.

The Audio Visual service is busy fixing projectors, record players, and other machines we use in school. Members of the A. V. Club assist Mr. Keys in the maintaining and operating of the audio visual equipment.

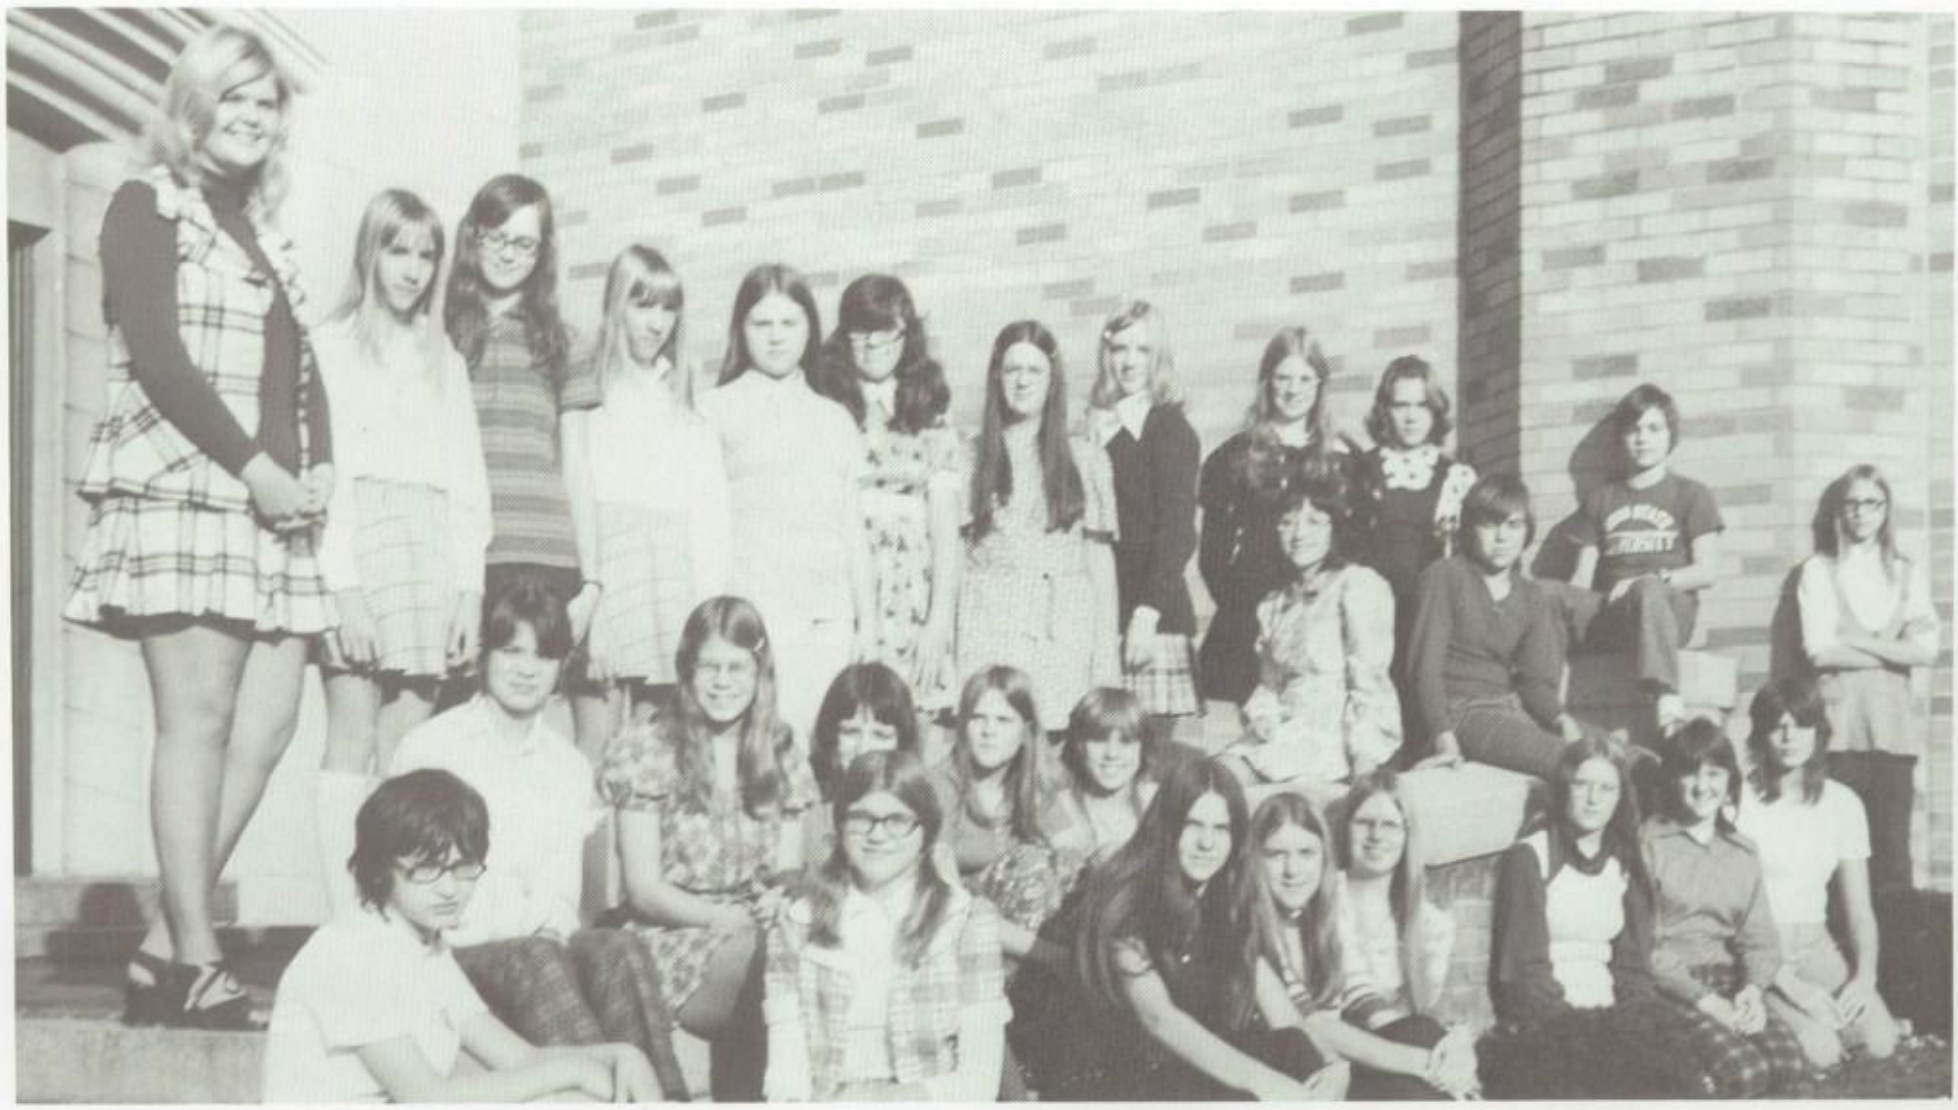
F F A

The goal of the Future Farmers of America is to develop competent and aggressive rural leaders. The F.F.A. provides many valuable community services including decoration of the community during Christmas, collecting for the March of Dimes, and selling citrus fruits. Educational trips are annually taken to the National and State Conventions, County and State fairs, various agricultural tours, and to the state F.F.A. camp at Oswegatchie.

F.H.A.

These group of girls meet every other week to plan activities which will help them with their homemaking skills for the future.



French Club

Under the leadership of Mrs. Heppler, the French Club keeps busy by sponsoring dinners, bake sales, fashion shows, and learning the ways of the French culture. They also occasionally attend french plays produced by area college drama groups. The officers are: Pres. --K. Westley; V. Pres. --R. Adams; Sec. --J. Groters; Treas. --H. Tuck.

Spanish Club

The Spanish Club is new this year and it's members consist of senior and junior high students. The club's goal is to promote the culture and language of Spanish speaking people through various activities. The advisor for this club is Miss Nancy Guhl.

Library Club

The Library Club consists of students who are willing to devote their time to work in the library. The students check out books and shelve them. The members are able to help other students in Library use. Their advisor is Mrs. Westley.

Latin Club

The purpose of the Latin Club is to learn Roman customs and be able to speak Latin fluently. Mrs. Legters is the advisor of this club and stresses the importance of Latin.

Student Secretaries

Under the direction of Mrs. Gruca, the girls in this club learn to use their secretarial skills in everyday practices. Each girl is assigned to a certain department to aid the teachers with their clerical work.

Future Teachers

Learning to cope with educational endeavors is the aim of the Future Teachers. They are instructed in teaching techniques by Mrs. Niethamer. The students in this club are interested in entering a career of teaching.

The Future Nurses' goal is to help other people. The girls are kept very busy doing this. Among their activities are benefit dances, bake sales, making favors for shut-ins, and visiting hospitals. Their loyal and kind advisor is Mrs. Norma Buesink. The officers are: Pres.--J. Loomis; V. Pres.--D. Tryon; Sec.--D. Rowan; and Treas.--A. Holthouse.

Nurse's Club

The Audio-Visual club makes students aware of the increasing opportunity of a career in the field of technology. These students under the direction of Mr. Donald Keys are in charge of the film projectors, record players, and other audio-visual machines.

Audio-Visual Club

Athletic Association

The Athletic Association promotes sportsmanship and stresses the importance of the Norman Becker Sportsmanship Award and other awards presented to outstanding players. The officers are: Pres. --D. White; V. -Pres. --M. Boozel; Sec. --P. Holthouse; Treas. --P. Courtright.

Under the direction of the cheerleaders, the students in this club are taught all the cheers. By knowing all the cheers the students can yell loudly at the games to show their support to the team. This club was designed to show "school spirit." Pres. --M. TeWinkle; V. Pres. --P. Courtright; Sec. --N. Querreveld; Treas. --L. Querreveld.

Pep Club

Swim Club

Under the direction of Mr. Snyder, the Swim Club members learn the skills of life-saving and safety in the water. They learn to have fun in the water, but to be careful of the dangers of the water.

Junior High Tennis Club

For those interested in love, forehands, and backswings, the tennis club offers opportunity for both sexes to compete, and improve their technique. Offering aid and advice is Mr. Bradley Russell.

Senior High Chess

Check . . . Checkmate!! These words have become increasingly popular the world over. Through the Senior High Chess Club under the direction of Mr. Cook, and the Junior High Chess Club under the direction of Mr. Russell, the student has the opportunity to sharpen his chess skills through practice and to prove them in an annual school-wide tournament.

Junior High Chess

Ski Club

The Ski Club sponsors dances and takes ski trips to neighboring resorts. They receive reduced rates for ski lessons and season passes to Peak n' Peak. They meet under the direction of Mr. Snyder. The officers are: Pres. --K. Christensen; V. Pres. --R. Buesink; Sec. --K. Maier; Treas. --M. Hawkins.

Table Tennis

The members of the Table Tennis Club compete against one another to improve their skills. Under the direction of Mr. Allen, the students are taught various techniques in this increasingly popular sport.

Cribbage Club

The Cribbage Club meets under the direction of Mr. Condon and Mrs. Rhebergen. The club was newly formed this year to aid the students in learning this age-old card game.

1974 Spotlight Staff

The 1974 Spotlight staff has worked hard for the past several months to put together this yearbook for you. There have been many trying moments during staff meetings while attempting to meet our deadlines and control our tempers. With the very capable assistance of our new advisor, Miss Guhl, we succeeded. Their jobs were hard and took many long hours. Now we would like to say "thank you" to our staff for their patience and hard work.

Senior High Band

Throughout the week, the band members gather to express their pent up emotions in striking and resounding music. Under the direction of Mr. Kaine, the band participates in concerts, special events and competition. Last June, the CCS Band was asked to play at the Chautauqua Institution Amphitheatre when a program was presented featuring a speech from James Buckley, the New York Senator.

Color Guard

The color guard, under the leadership of KaLyn Cooper and Chris Emory, participates at various sports events with a performance of flag and gun drills. Among the activities of the color guard are dances, bake sales, parades, and a special first for Clymer Central School, Homecoming.

CHORUS

Tenor

With helpful hums and stamping feet from Mrs. Sue Rhebergen, the chorus sings their way to stardom in the eyes of Chautauqua County. The chorus sings in various concerts which prepare some for competition. Different small groups made from the chorus make up some special music for concerts.

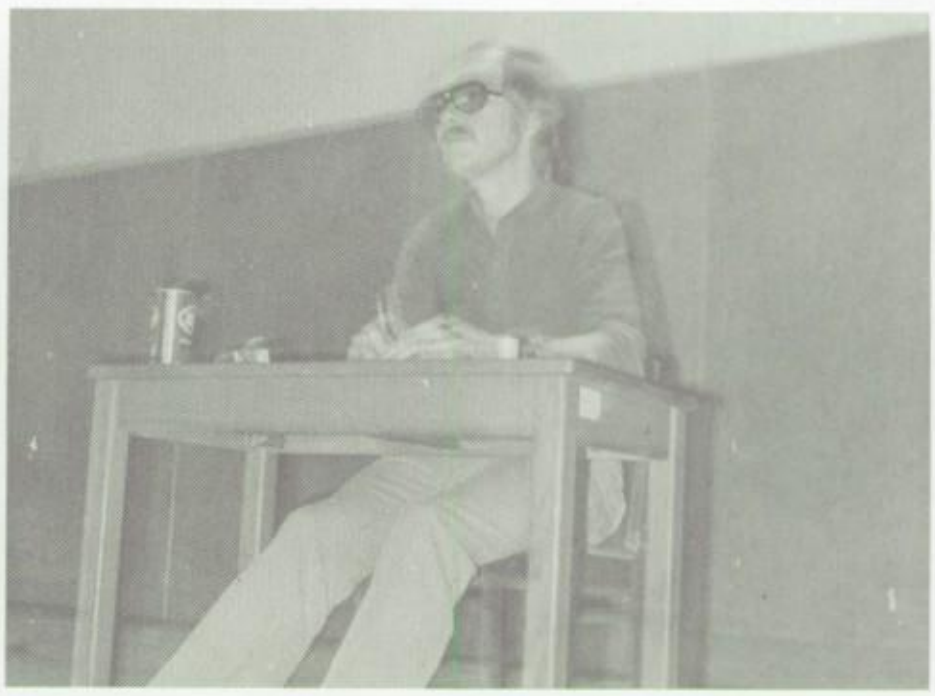
Junior Musical

"Swinging High," presented by the Class of 1974, May 25 and 26, 1973 was the first musical presented by this school for many years. This well received and spirited production relied on members of several classes and a stage band.

Mr. McDuff, the new principal of Cooper High, maintained that a school was solely for study, and recreational activities held no place under his "McDuff Plan." Much to the student's relief, McDuff changed due to a Chemistry accident, and Cooper High once more became a "swinging high".



Senior Play

On November 15 & 16, the Senior class of Clymer Central presented "Onions in the Stew". The curtains open as the MacDonald family has moved into an abandoned house on a "desolate" island. Yet, in the midst of the humorous difficulties and a despair, the family finds a special value in life.

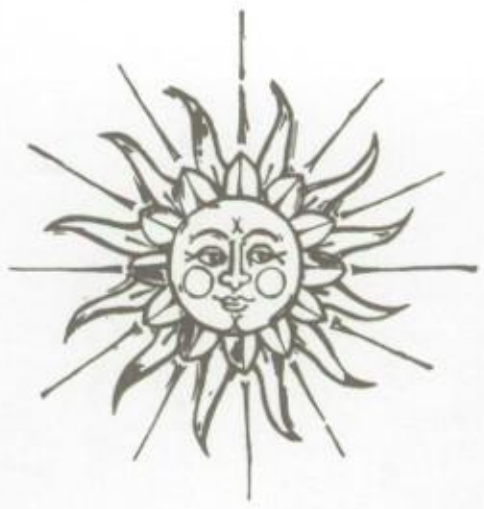
May Day

Each year we have May Day festivities. All Senior girls participate in the preparation for the crowning of a new queen. The 1973 May Queen was Sally Eliason. She was chosen by the entire high school student body. After being crowned, each class representative presented Sally with a gift.



Tulip Festival 1973

"The Joys We Share in Our Wonderful World" was the theme of the 1973 Tulip Festival. The parade consisted of marching units, Klompen Dancers, baby buggies, street scrubbers, antique cars, and floats carrying the seven queen contestants. Many people were on hand to view the many hours of hard work put in to building the floats. The weekend was climaxed by the crowning of the 1973 Tulip Queen, Patty Holthouse. She was sponsored by the Future Farmers of America, who also won the Grand Prize for their float. Patty was attended by Marty Molk, 1st runner-up; Brenda Kinney, 2nd runner-up; and Jeanne Loomis, Miss Congeniality.

"Garden Party"
1973

On June 8, 1973, we, the Junior class sponsored the "Garden Party" prom at Peak n' Peek honoring the Class of 1973. The guests arrived at seven o'clock for the banquet and were greeted by Daryl White and Terri LaRose, master and mistress of ceremonies. After the magnificent dinner, we listened and danced to the music of Aries among colorful garden bridges, gigantic caterpillars, and beautiful butterflies. Phil Proctor was crowned King and Darlene Buesink, Queen. Kurt Christensen was Prince with Brenda Kinney as Princess. The after-prom was also at the Peak from one o'clock to three o'clock.

Homecoming 1973

On November 3rd, Clymer Central had its first Homecoming. The Color Guard took the responsibility of the organization procedures. The dance was climaxed by the crowning of the King, Queen, Prince, and Princess.

Varsity Football

1973 was a rewarding year for the Bucs in football. Head mentor, Howard McMullin, and assistant coaches, Mr. Winner and Mr. Cook, had their work cut out for them in '73 as only two lettermen returned to the squad. The predominately sophomore team, even though suffering from inexperience, plagued by injuries, and up against very stiff competition, still posted a 3-5 record in Vine League Play. This success can be attributed to Coach McMullin's "never say die" attitude and the desire on the part of the boys to win. The skills gained this year will be a valuable asset in future years. The team was honored to place two boys on the honorary mention list on the Vine League All-Star Team. These were the White boys, Daryl at RB, Dale at DL.

Varsity Tennis

The C.C.S. Pirates again copped the Section VI tennis championship. After several hotly contested matches, the Bucs pulled through accomplishing their ultimate goal. The success of this championship can be attributed to the devoted athletes and their coach, Mr. Bradley Russell.

Varsity Track

The 1973 Track Team finished the season with a 6-1-0 record, a second place finish at the County Track Meet, and a first place tie at the Sectional Track Meet. Thirteen new school records were set, two County records and one Sectional record can also be listed as their achievement.

The prospects for the future look bright, as another group of very good Freshman and Sophomores will attempt to break the records of the 1973 Track Team.

Baseball 1973

With ten returning lettermen, the future of Clymer Baseball looks bright indeed. With the expected return of Seniors, Daryl White and Steve Wiggers and 1972's Most Valuable Player, Bob Newton, the Battlin' Bucs should improve on their 1972 record of 9-10 and be a challenge for the league championship.

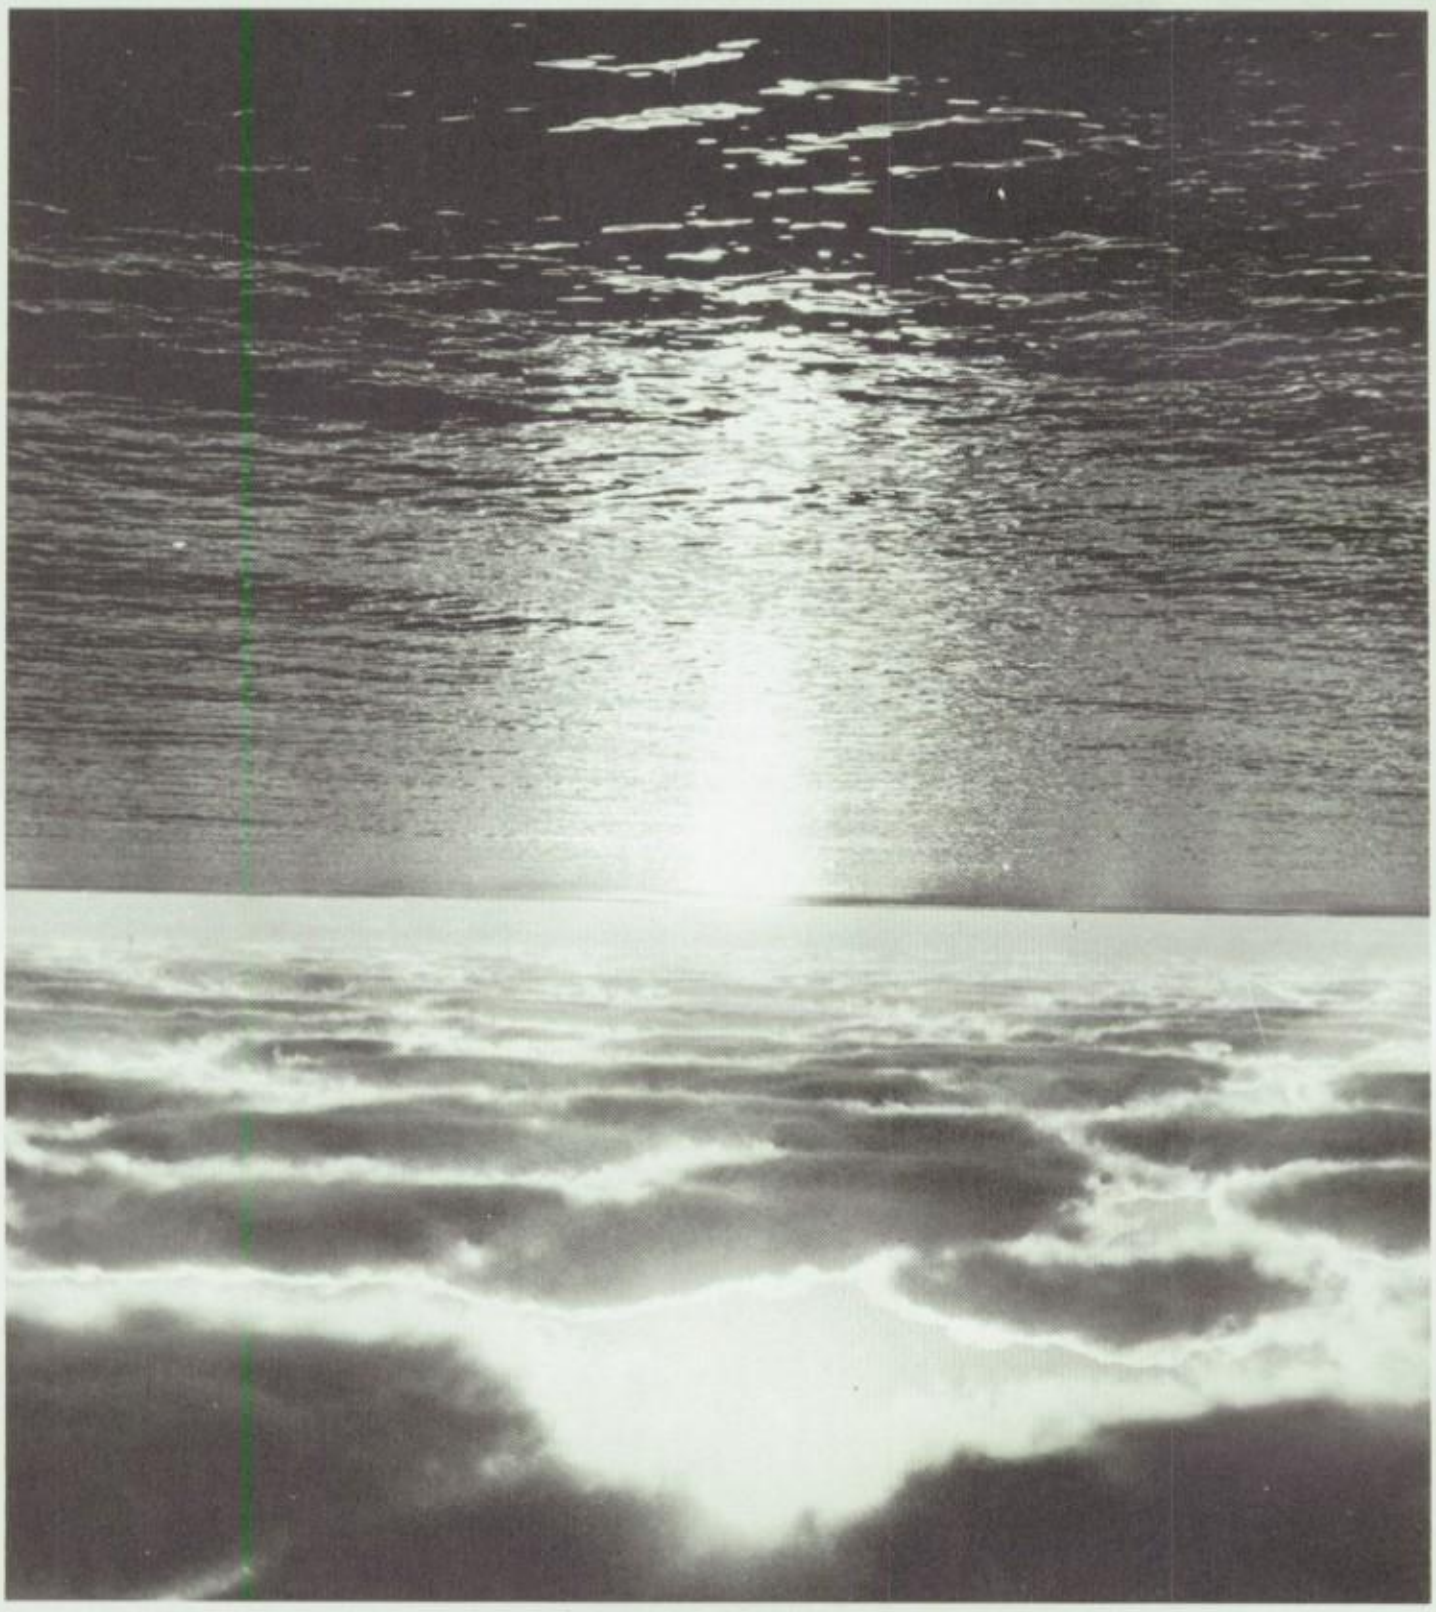
closing



1974-75

The year is closed, the record made,
The last deed done, the last word said.
The memory alone remains of all its joys,
its grief, its gains:

This year three regents scholarships were awarded to: Gregory Seblink, Kevin Fardink, and William Hemink. Congratulations!

"I wanted to be on this year's basketball team!"

"Come on in!"

"Does it offer sex education?"

And with purpose full and clear,
I turn to meet another year.

Robert Browning

"A future Utopia?"

"Should I, or shouldn't I?"

"You aren't gonna paint my sign!"

"Let me make one thing perfectly clear!"
